Chief, S/TR

Translations from the Civil Aviation Magazine of the USSR.

1. Directorate of Intelligence Headquarters USAF in request #205-51-56, 21 March 1956, levied on Air Information Division, Library of Congress asks for the following:

Request, on a standing basis, pertinent excerpts translated from Soviet magazine "Civil Aviation". Especially desire items pertaining to aircraft logistics of any sort (POL, spares, supply depots, organizational aspect); aircraft maintenance (including organization, manpower, procedures, facilities, repair depots) and training (locations and names of organizations, methods, requirements, results).

2. It is requested that the results of these translations be made available, on a continuing basis, to S/TRA in the form of a retention copy.
